## OAUG News Release

### **Oracle Applications Users Group Seeks Presenters for 2013 OAUG Connection Point® Conference**

*- Invites presentation submissions covering best practices, customer success stories and “how-to” deep-dive instruction -*

**ATLANTA – April 3, 2013** - The [Oracle Applications Users Group \(OAUG\)](#), the world’s largest user knowledgebase for Oracle® Applications users, announces the opening of the call for proposals for its [OAUG Connection Point® — AppsTech](#) conference, held July 30-31 in Pittsburgh, Pa.

This two-day regional event offers attendees advanced technological insight on Oracle E-Business Suite current trends, key technical aspects required to maintain the multifaceted Oracle E-Business Suite software, networking opportunities with technical experts and best practices. Database administrators, system administrators and developers gain insight from Oracle experts sharing details about the Oracle E-Business Suite 12.2 and product direction for the complete Oracle E-Business Suite technology stack, while industry experts and customers describe case studies, how to resolve common problems and useful tips.

User-driven education tracks focus on Oracle Applications strategy and service, applications development, business intelligence/BI analytics, Oracle database, middleware and product upgrading.

“The OAUG Connection Point — AppsTech conference offers a vital opportunity for the tech side of the house to mingle and learn from other technical professionals and Oracle experts on the latest issues associated with the Oracle E-Business Suite,” said Margaret Wright, president of the OAUG. “Every year we look forward to designing a cost-effective conference that enables users at a regional level to optimize their Oracle Applications experience through educational content, innovative ideas and discussions with peers that share like interests from across the country.”

The call for presentations for the event is now open through April 26. The OAUG co-hosts the conference in partnership with the Pittsburgh OAUG ([PittOAUG](#)), the [OAUG Database SIG](#), [OAUG Upgrade SIG](#) and the [OAUG ATG SIG](#).

For more information on the upcoming conference, visit the [OAUG Connection Point — AppsTech](#) website.
