

Endeca SIG Webinar: Insider's Guide to Collaborate 2015

March 31, 2015

Details About Today's Webinar

- Submit your questions in the Questions box on the bottom right of your screen
- Your name and questions will not be accessible to other webinar participants
- A copy of the presentation will be available after the webinar to attendees
- These slides represent the work and opinions of the presenter and OAUG makes no representations or warranties with respect to the ideas or techniques contained in this document

Agenda

- Endeca SIG and Presenter Introductions
- Collaborate Overview
- Collaborate Preview: Oracle Endeca Information Discovery (OEID)
- Collaborate Preview: EBS Extensions for Endeca
- Questions

Endeca SIG Focus

- The goal of the Endeca SIG is to provide information to help you enhance your knowledge about the Endeca suite of products, such as **Oracle Commerce**, **Oracle Endeca Information Discovery (OEID)**, and **Oracle E-Business Suite Extensions for Oracle Endeca**
- Why should you join OAUG and participate in the Endeca SIG? Benefits include:
 - **Education and Training.** Access regularly-scheduled webinars from Oracle's product teams and Endeca customers and partners
 - **Networking.** Connect with your peers and other leaders in the Endeca customer and partner community both through the SIG's social media channels as well as through attending events such as the Endeca SIG group meetings at OAUG Collaborate and Oracle OpenWorld
 - **Professional Development.** Apply for a volunteer role and take advantage of the opportunity to participate in areas such as communications, recruiting or facilitating a domain area that you might not get to work on in your "day job!"

Your Endeca SIG Leadership

- George Somogyi, Co-Chair
- Kirby Lungler, Co-Chair
- Jeff Reid, Subcommittee Chair
- Ramesh Kumar, Subcommittee Chair

Endeca SIG

COLLABORATE Meeting

- Tues April 14th, 2:00 – 3:00 PM, Room Jasmine A, Session ID: 10074
- In this session, we will receive a product update on the Oracle E-Business Suite Extensions for Oracle Endeca from Oracle product management
- We will also conduct a panel discussion with experts presentations in the following areas:
 - OBI Apps versus Endeca Extensions: What's the Best Way to Solve Our Reporting Challenge?
 - Endeca EEE: Transforming Data to Create an Information-Driven Business
 - Data Store Management with Self-Service OEID
- Register here: <https://collaborate.oaug.org/>

Agenda

- Endeca SIG and Presenter Introductions
- Collaborate Overview
- Collaborate Preview: Oracle Endeca Information Discovery (OEID)
- Collaborate Preview: EBS Extensions for Endeca
- Questions

Who Runs Collaborate?

- Collaborate is hosted by three of Oracle's most influential user groups:

The **Independent Oracle Users Group (IOUG)** represents the voice of Oracle technology and database professionals serving data architects, application architects and infrastructure architects

The **Oracle Applications Users Group (OAUG)**: The Oracle Applications Users Group (OAUG) is the world's largest education, networking and advocacy forum for Oracle Applications users

Quest International Users Group (Quest) is the home for PeopleSoft, JD Edwards EnterpriseOne, JD Edwards World, Fusion Applications and Primavera users

Who Attends Collaborate?

- Oracle database, technology and applications users, including all Oracle Database versions through 12c, Oracle Fusion Applications, Stellent, Hyperion, Oracle E-Business Suite, PeopleSoft Enterprise, Hyperion, Primavera, JD Edwards and Siebel
- Attendees' top three reasons for going:
 - To enhance their professional skills/knowledge about current solutions
 - To network with other users
 - To interact with current solutions and services providers

How Can I Justify Attending?

- There is one event that delivers the full spectrum of Oracle Applications and Technology education that you need to boost results all year long!
- Produced by three independent users groups, COLLABORATE 15: Technology and Applications Forum for the Oracle Community delivers:
 - Over 1000 sessions and panels packed with first-hand experiences, case studies and practical “how-to” content
 - Breaking product news and insider information from Oracle executive management and developers
 - Ample opportunities to build your personal and professional networks, including special interest group (SIG) meetings, geographic networking events and receptions
 - Informative and inspiring keynotes
 - An Exhibitor Showcase packed with products and solutions providers who can help you solve your specific challenges
 - Unique events such as the Women in Technology Forum — connect with key women who are examples of success in a fast-changing environment

Where is Collaborate?

education. networking. influence.

Agenda

- Endeca SIG and Presenter Introductions
- Collaborate Overview
- Collaborate Preview: Oracle Endeca Information Discovery (OEID)
- Collaborate Preview: EBS Extensions for Endeca
- Questions

- [10457: Improving continuum of care and quality with Endeca Information Discovery](#)
Mon. April 13 | 3:15 PM - 4:15 PM | Room Jasmine C
- [10496: Empowering Self-Service Discovery with Data Mashups in Oracle Endeca Information Discovery](#)
Thurs. April 16 | 9:45 AM - 10:45 AM | Room South Seas D

Oracle EID: Cool Stuff/Lessons Learned

- Ability to empower business users through self-service data discovery and data modeling
 - Augment existing IT-provisioned data sources with own data
 - Use existing data sources (including Oracle BI Server) and test new data models quickly
- Web Acquisition Toolkit allows for easier ingestion of unstructured data sources
 - Power by Kapow Software, creates scripts and workflows for scraping a website
- New certification path out of beta
 - Accreditation now available for implementers through Oracle and Pearson Vue

Agenda

- Endeca SIG and Presenter Introductions
